## DR. J. CLIVE ENOS IN SERIOUS CONDITION FROM AUTO ACCIDENT

Well Known Physician  
Terribly Hurt Sunday  
When Car Crashes  
Into His Machine

RUSHED TO HOSPITAL

Special Car Chartered for  
Trip—J. B. Tussing, Com-  
panion in Auto Not Serious-  
ly Hurt

Crashed into at the corner of Fourth street and Fallowfield avenue by a Monessen car on the Westside Electric Street Railway line, Dr. J. Clive Enos was injured so he may die and J. B. Tussing was severely bruised at 8 o'clock Sunday night in one of the worst automobile accidents of the year. In a possible race with death Dr. Enos was hurried to the Allegheny General hospital at Pittsburgh on a special Pittsburgh-Charleroi car after receiving attention locally. Today reports from the hospital are that no operation will be attempted at present, that his skull had been fractured at the base of the brain and that a partial paralysis had been noted at times. Two depressions are apparent in the spinal cord, according to the finding of hospital surgeons.

Dr. Enos and J. B. Tussing had taken supper at the Charleroi Elks' home. They left together, the doctor intending to take Mr. Tussing home in his auto. Dr. Enos drove his car down Third street to McKean avenue and down McKean to Fourth, up which he turned. There was an apparent misunderstanding of signals at the corner of Fourth street and Fallowfield avenue, or else the side curtains of the doctor's car prevented him from noting the approach of the street car.

With an awful crash the street car rammed into the front end of the automobile. Mashed and broken about the forepart the auto was pushed fully 30 feet before the street car came to a halt.

Dr. Enos had been on the left side and he felt the full force of the blow. He was thrown back and crushed against the side of the car, but his head rested on Tussing's shoulder. Tussing had noted all the happenings and immediately attempted to arouse the prostrate physician. It was useless, and for the moment he gave his attention to extricating himself from his position in order that he might the better help get the doctor from his machine.

Dr. Enos was removed from the car in an unconscious condition, strangling with blood, which poured not only from his mouth and nose, but too from his ears. He was also bleeding from several cuts made by broken glass from the windshield. At once he was removed to his office and given every attention by a corps

A disorderly house was raided about midnight, from which six were taken and one man who is alleged to have imbibed too freely of fire water was gathered in during the evening.

It seems that about 9 o'clock Saturday evening seven foreigners met at the corner of Eighth street and Fallowfield avenue and started a discussion of the war in Europe. One man was cut on the head and another on the hand. The following seven men were arrested: Walter Cabenezki, Theodor Sawilski, Elick Pupecki, Vezenti Rugoliski, Frank Kuberski, Andy Micholoski and Antoni Pauvelkoski. They each left a forfeit of \$10 for their appearance Sunday evening.

Burgess S. L. Woodward fined each of them \$1 and costs. Saturday night about midnight the house of Christine Lonuay at 1100 Lincoln avenue was raided. She was arrested charged with running a disorderly house. The following persons were arrested and charged with being in a disorderly house: Jack Rose of Monongahela; Mary Sarver, Jack Barton, James Slaton of Charleroi and Joseph Coeain of Donora. The Lonuay woman was fined \$5 and costs. Rose and Coeain were fined \$1 and costs. Barton, Slaton and Mary Sarver put up \$5 forfeits and did not appear.

# THE LOYAL ORDER OF MOOSE

FRATERNAL, EDUCATIONAL, BENEFICIAL AND SOCIAL

An order whose aim is to amalgamate the better element of each community into one brotherhood, whose object is the advancement of social and moral development and the protection of mutual interests.

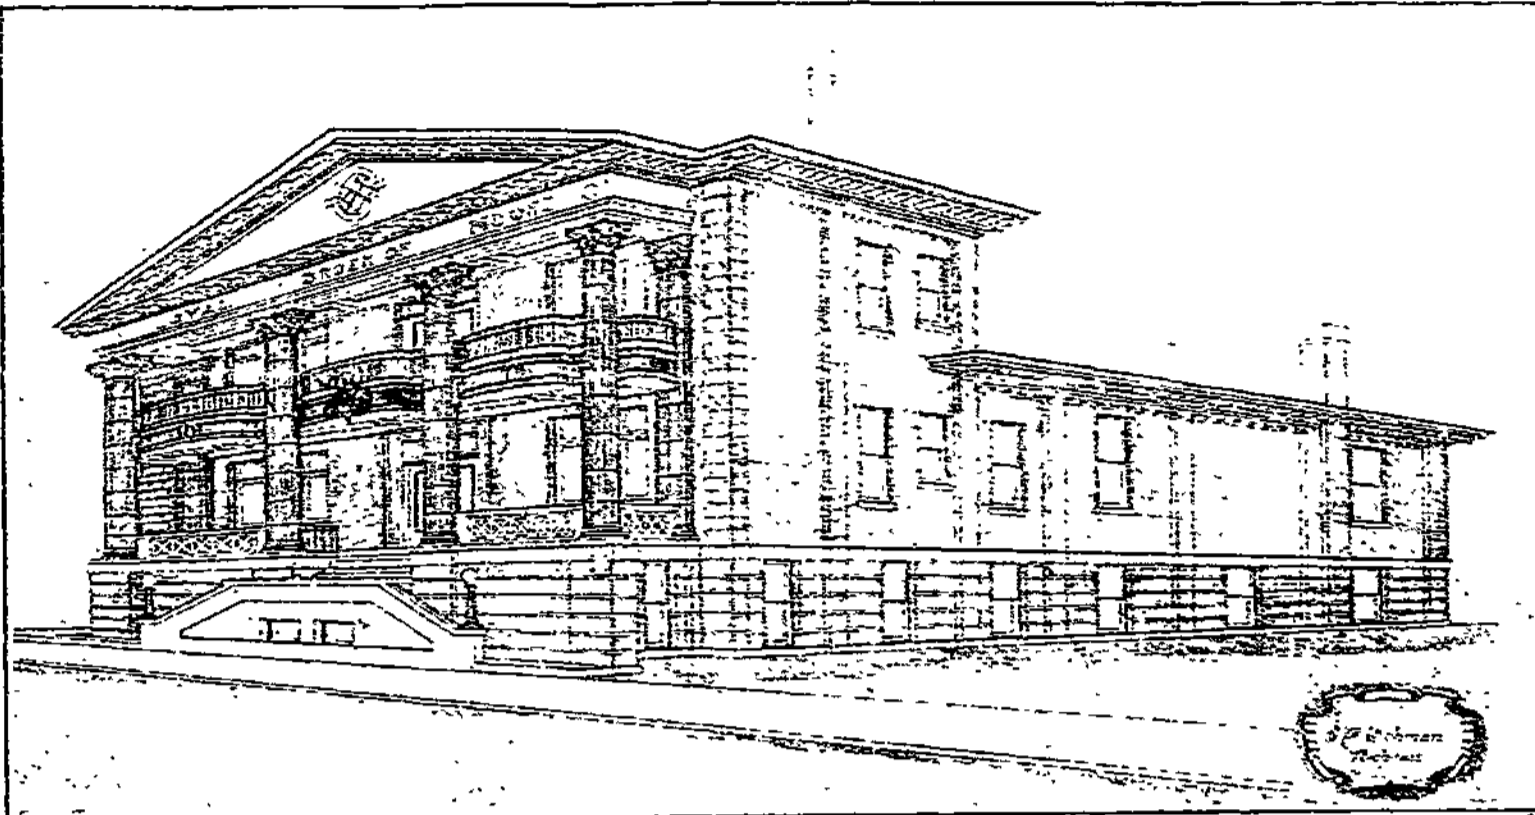

Founded upon a plane of absolute democracy, our fraternalism is positive, slogan being "All for One and One for All."

Ritual beautiful and elevating, its lesson inculcating upon the novice our tenets: Purity, Aid and Progress.

\$7.00 per week sick or accident benefits paid. One hundred dollars funeral benefits.

In addition, the privilege of "Mooseheart," our magnificent Home and Vocational Schools, is an insurance of inestimable value, and it is an honor to share in its support. This institution has the best equipment and will be the largest establishment of its kind in the world. Built upon a foundation of true fraternity, it is a school for the orphaned, which shall have no taint of charity; a home for the aged without suspicion of alms-giving.

Men over the age of fifty may become non-beneficial members. While not sharing in the benefits, they are not debarred from office.

The above home now being erected in Charleroi will cost \$35,000 when completed. It will contain shower baths, bowling alleys, pool tables, reading rooms and everything for the comfort and enjoyment of its members.

Charleroi Lodge at the present time has 408 members. Since Oct. 16, 1909 we have paid out in sick and accident benefits \$6978.00 and \$1100.00 death benefits also \$751.80 to needy members and families and for charitable purposes.

We also have arrangements made to send three children of one of our deceased members to Mooseheart, our vocational school where they will be educated and made ready for life's battle at no expense to the family or to our lodge.

Under special dispensations from the Supreme Lodge the Initiation fee is reduced to \$5.00. Dues are reasonable and assessments are never made.

AMES J. DAVIS, Director General.

JOHN H. RISBECK, National Director

Local Address 325 McKEAN AVE., or any member of Charleroi Lodge

While the growth of the Order has been rapid during the last eight years, the expansion has not been of a mushroom variety, as the following statements show:

Over \$6,000,000 handled by the Order during the year 1913-14 in the way of sick, accident and funeral benefits.

The above figures bear testimony to the order's aid in time of sickness, at the hour of sorrow. A material part of the spirit of fraternal love.

The Loyol Order of Moose should be the good man as one of his lines of duty to be discharged in the interest of his family and fellowman. Your failure to provide for your and your family the grand privileges enjoyed by others may be a source of regret and remorse to darken your declining years.

The Moose have clubhouses everywhere, providing a home wherever you may be, where good fellowship reigns supreme.

## HOME-MADE MEDICINE YOU WANT THEM

Best and Cheapest for Coughs

Most persons neglect a cough or cold for the principal reason that they either don't think it serious enough to go to a doctor, or don't know what good medicine to buy at a drug store, with the result that the cough or cold becomes deep-seated through this neglect and hangs on the whole winter—which might have otherwise been speedily cured, had Schiffmann's Concentrated Expectorant been used promptly.

This new remedy is so strongly concentrated that two ounces (50 cents worth) make a full pint (16 ozs.) of excellent cough medicine, by simply mixing it at home with one pint of granulated sugar and 1/2 pint of water. It makes a whole family supply, as much as would ordinarily cost from \$2.00 to \$3.00 for the same quantity of the old, ordinary, ready-made kind of doubtful merit. It is prepared from strictly harmless plants and is so pleasant that children like to take it and it can be given them with perfect safety as it positively contains no chloroform, opium, morphia, or other narcotics, as do most cough mixtures. No risk whatever is run in buying this remedy as drug stores named below will refund money if it does not give perfect satisfaction or is not found the very best remedy you have ever used for stubborn Coughs, Colds, Bronchitis, Croup, Whooping Cough and Hoarse ness. For sale here by Piper's Pharmacy.

## WAR BULLETINS

Berlin, Dec. 7.—The Germans occupied Lodz Sunday afternoon, the Russians beating a retreat after severe losses. A desperate battle has raged for days around Lodz, the second city of Poland, 75 miles from Warsaw. Shells were landed in the city at five minute intervals just prior to the final hand-to-hand conflict.

London, Dec. 7.—The Germans succeeded several days ago in driving a wedge into the Russian line. They had control of the railroads and were able to pour troops into the line around Lodz.

Rotterdam, Dec. 7.—The Belgians say that for the past fortnight they have been living on American food and it has saved them from starvation. When ever an automobile carrying an American flag passes in the streets of Liege the Belgians take off their hats.

Geneva, Dec. 7.—It is said that Rumania has definitely decided to enter the war on the side of the allies. It is not stated when Rumania will enter the conflict. They wish to avoid a

winter campaign, but the military authorities are afraid that Serbia will not be able to hold out until spring. The attitude of Bulgaria still remains doubtful. Greece, Serbia and Rumania have proffered certain concessions, which however, Sofia seems not to consider a sufficient inducement.

Copenhagen, Dec. 7.—A dispatch from Berlin with the name of the port, or fort deleted by censors says: "Forty British and French warships are gathered outside with the evident intention of forcing their way through. This however, will be impossible, as the fortifications have been greatly strengthened and the water is thickly strewn with mines."

The Hague, Dec. 7.—A Russian force is said to be bombarding Cracow from the southwest. The Russians have left a sufficient force in the center of Poland to oppose a renewal of the German offensive, and will concentrate all their forces for an entrance into Germany on the line of Cracow, Oppeln and Breslau.

of doctors, then by special car he was hurried to Pittsburgh, and removed to the Allegheny General hospital. At times on the way to the city he seemed to regain partial consciousness. Likewise today at times he has seemed rational.

The street car was operated by E. J. Burnette, motorman and Charles Shingle was the conductor. It was on the way to the city at thirteen street when the accident occurred.

Mr. Tussing, in telling of the accident said that he saw the car, and had time to gasp: "My God, poor old man!" before the crash came. The machinery of the engine was still running when the auto came to a halt, but the gear was disconnected. Whether the gear had been thrown by Dr. Enos just before the accident, or whether it had been broken by the crash, probably nobody will ever know. Mr. Tussing sustained a badly bruised left limb and his arm was likewise bruised, while he sustained various cuts. His injuries while painful are not necessarily serious. Reports from the hospital this morning were that Dr. Enos seemed in a somewhat better condition than Sunday night, but it will be a case of watchful waiting to determine the results of his terrible injuries.

Dr. Enos is one of the best known and most reputable physicians in this part of the Monongahela valley. He is a married man and with his family lived on Crest avenue.

what religious in character. He spoke of immortality, and said that through the teachings of the Christ, death had become the crown of life. He spoke of memory and hope two principles closely linked—both of them valuable.

Mr. Rupp plead for true living that classed as present and promised, might be enjoyed to the fullest extent. He described the principles for which Elksdom stood. Charity, Justice, Brotherly Love and Fidelity. He said that charity and justice go hand in hand, but that the most important was charity—otherwise described as love. Friendship plays a most important part in the affairs of the world, he remarked.

The benediction was pronounced by Rev. P. E. Maher, of Rome. The audience was crowded for the memorial services. Carnations were distributed as emblems.

### An Artful Practice

The proverbial saying that "Saving is a greater art than gaining" is surely practical, because the average wage-earner of America gets a salary that more than covers his actual expenses—and yet the percentage of working men having bank accounts, is comparatively small.

Are you one of these few? If not you should start a savings account and begin to practice the art of saving a portion of your salary.

A dollar deposited with this bank will get you into the habit.

# WHY LUGGAGE?

It has long been a custom to give traveling accessories for holiday gifts; WHY?

Is there a reason why so many people should be possessed of the same idea? If so have you ever paused to consider?

It has been said that "Every man is judged by the luggage he carries." This being the case wouldn't most people want their friends to appear at their best advantage? And since luggage is used while away from home—among strangers so to speak, wouldn't it be an act of friendship to have him appear at his best?

That's just the reason that luggage is so popular for gift purposes, and for that reason we are exceptionally careful to select the best in traveling accessories for the holiday trade.

## BENTLEYVILLE

### Tabernacle Meetings Prolonged.

The tabernacle meetings at the tabernacle at Bentleyville were to have closed Sunday, but the community had taken such a great interest in the affair that they were prolonged for another week. Excellent work has existed throughout the latter half of the meeting and it is thought that the quality of excellency will last during the coming week. The converts have turned out to the exertions of Evangelist Henry J. Giles much in the same manner that they turned out to the renowned Sunday. Between 200 and 300 have hit the trail toward the chancel during the meetings. Ray D. Mohr, the singer, has kept the musical end of the tabernacle work up to all previous standards. Another week of the meetings bid fair to be another week of success.

### Only Two Weeks Vacation.

Despite the notice that several surrounding towns are going to have three weeks' vacation in the schools, the Bentleyville schools will have only two weeks. This includes the high school. The teachers think that it will be of more benefit to all concerned to have school let out one week earlier in the spring.

### Moves to Ellsworth.

Mr. and Mrs. James Hamilton and family who previously lived in the Solomon Huffman property on South Main street have moved to the Anna Harrington property in the suburbs of Ellsworth. The reason for the change is that Mr. Hamilton is an employee of the Ellsworth Collieries company and needed to be closer to his work.

### Entertain Class.

Misses Bessie and Sara Tudor will entertain the Senior class of the Bentleyville high school, of which Miss Bessie is a member at their home Monday night. The sisters are arranging to make the party one of the best of the winter season. The

decorations will be Senior's colors, black and gold.

### Basket Ball Team Organized.

Several young folk of Beallsville have organized a basket ball team. As yet they have selected no place for practice and playing. All necessary equipment for the playing has arrived and has been tested. It is possible that the community will raise a popular subscription and aid the borough in building a hall for this and many other sports.

### Personals.
